## Lenten pretzels

The pretzel has great historical and spiritual significance. As the faithful in the old Roman Empire kept a very strict fast all through Lent — no dairy products, eggs, or meat they made small breads of water, flour, and salt to accompany their simple meals of fish, fruit, and vegetables. To remind themselves that Lent was a time of prayer, they shaped the breads in the form of arms crossed in prayer. The Latin word *bracellae*, "little arms," eventually became the Germanic "pretzel."
